Non-Cancellable Credit Limit Cover

Some clients are essential for the success of a company. If your business requires absolute certainty that key credit limits cannot be amended, then our Non-Cancellable cover provides you with this facility.

The cover provided allows you to trade confidently within the limits agreed for a fixed period. You are in the driving seat, managing your exposure effectively to ensure that unacceptable levels of risk are avoided if trading conditions deteriorate unexpectedly.

As the trading benefits of Non-Cancellable limits can be significant, Atradius offers several products within our Special Products range where Non-Cancellable cover can be incorporated.

These are:

- Single Buyer – cover for revolving trade
- Single Contract – tailor made cover for specific contracts
- Excess of Loss – provides cover above a significant level of losses, to keep for your own account
- Hybrid cover – certainty of cover on your top accounts with the benefits of Atradius insight and credit analysis to support your credit management for the main part of your portfolio

Key features:

- Limits are Non-Cancellable for the policy period (usually 12 months)
- Available for selected quality buyers
- You manage your exposure to avoid and reduce unforeseeable risks
- Premium is naturally higher than for the Cancellable limits

Primary benefits:

- Allows your business to manage its own risk profile and make decisions concerning changing market conditions or buyer risk
- Trading confidence in the knowledge that the limits will remain in place for a pre-defined period, normally 12 months
- A unique tailor made solution perfectly matched to your business needs and those of your buyers
